

### 3.3 Natural History Gallery

## *From the Sea Geology*

**Sponsorship  
Required:  
\$4,000**

The geologic beginnings of the Cayman Islands are superbly chronicled in this exhibit that includes an interpretive panel and an intricate, eye-catching associated display of authentic fossils, rocks, and geologic cross-section model. Visitors come away with a keener awareness of the Islands' place within the larger framework of the world's geologic history and evolution.
