

### 3.8 Natural History Gallery

## *Rocky Shore Cliff Rock Diorama*

### Sponsorship Required:

**\$8,000**

This engrossing exhibit offers visitors a close-up view of the unique pinnacle rock habitat found on Cayman. Typical sinkholes within the rocky terrain as well as scenic coastal woodland are included in the diorama. Models of a variety of species, such as the blue iguana, are showcased in this intriguing diorama further engaging visitors by means of interactive technology. A background mural and interpretive text complete the display.
